

**Politics Power and the Supreme Court**  
PBS Frontline Story About Clarence and Ginni Thomas  
Review by Bruce Laidlaw

The two hour program is marvelous journalism that would merit a story about its production. It describes the making of a Supreme Court justice who has become the conservative face of the court. The Clarence Thomas story would be incomplete without a history of his relationship with Ginni Thomas. The first hour consists of a detailed background that may make viewers wonder if the latest revelations regarding the Thomases will be covered. But the second hour pulls no punches regarding the conflicts of interest and the Ginni Thomas efforts to overturn the 2020 election. We learn how the life experiences of Clarence Thomas made him hostile to the concept of affirmative action. The entire program is available on YouTube.
