MAKING MICHIGAN GREAT PAC ENDORSES A YES VOTE ON C AND D!

Proposal C would remove partisan labels from city elections and eliminate the Democratic primary.
Help America First Conservatives win City elections:
• Obscure party labels and hide candidates' values
• Help America First Conservatives win city elections

Proposal D would create a public funding system by using your tax dollars to fund city campaigns at a 9:1 funding ratio.
Candidates would receive \$9 from taxpayers for every \$1 raised from donors:
• Allow poorly funded Republican candidates to compete financially
• Take money away from progressive priorities like mass transit and net zero carbon emissions to allow our City Council candidates to compete

Nelson supports Proposals C and D! Substantial financial support for these proposals has come from Republicans' because this is our chance to elect MAGA conservatives!
